The information contained in this document represents vendor list prices and averages of current 3rd party prices, both lease and purchase, for the primary IBM and compatible intermediate to large system products. It has been compiled from sources in the industry which we deem reliable. However, we do not represent that it is accurate and complete and it should not be relied upon as the exact price for which you can buy or sell these products. Many factors such as early termination clauses, equipment availability, and interest rates, affect the actual price of any 3rd party computer product and these must be considered on an individual basis.
